8TH-10TH MARCH: #COLLDAY2017

BERLIN AND THE COLLABORATIVE ECONOMY: OLD FRIENDS?

This three days long event is organized by the Research Group on Collaborative Spaces (RGCS), an academic network exploring communities and collaborative movements (coworkers, makers, hackers...) and how they contribute to the emergence of new work practices. This 'CollDay2017' will consist in a seminar, a co-creation workshop, and a learning expedition in collaborative spaces. Let's walk together with academics, entrepreneurs and citizens!
